## Do You Want to Know

### What You Swallow?

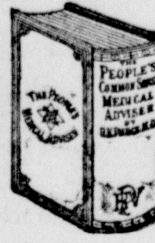

There is a growing sentiment in this country in favor of medicines of known composition. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated anti-bilious granules. They regulate and invigorate Stomach, Liver and Bowels. Do not bog the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

**\$50,000 GIVEN AWAY.** In copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at \$1.50 per copy. Last year we gave away \$50,000 worth of these invaluable books. This year we shall give away \$50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

## TREPOFF SUMMONED

EMPEROR OF RUSSIA DESIRES TO HAVE THE GENERAL ORGANIZE A CABINET.

## BOLCHOF REGIMENT MUTINIES

SOLDIERS ARE SAID TO HAVE REBELLED AND KILLED SEVERAL OFFICERS.

London, June 21.—The Tribune's correspondent at St. Petersburg asserts that Emperor Nicholas is urging General Trepoff to organize a cabinet and that the emperor has summoned M. Pobledonostseff, former procurator of the holy synod, to an audience at Peterhof.

A dispatch from Riazan to the same paper reports that the Bolchof regiment has mutinied and killed several of their officers.

Bialystok, June 21.—Three official investigations to determine the responsibility for the excesses of the past week will be prosecuted. These are to be conducted by the commission of the lower house of parliament, the minister of the interior and the ministry of justice. All witnesses of violence and sufferers by excesses are invited by the ministry of justice to submit depositions to the judge of the local court.

The police are enforcing the restoration of pillaged property.

## FIRE AT POLICE SERGEANT.

Rebels Attempt to Kill Russian Officer at Warsaw.

Warsaw, June 21.—Revolutionists fired eight shots at Police Sergeant Popik, missing him, but badly wounding two women. This is the fifth attempt on the lives of sergeants of police this week.

Three government saloons were sacked and the money in the establishments stolen. The perpetrators of the robberies, who were revolutionists, escaped.

## FAVORS KILLING OF JEWS.

Governor of Grodno Believes It Would Be Useful.

London, June 21.—The correspondent at Vilna of the Jewish World asserts that in replying to a Jewish deputation which visited him before the Bialystok outbreak, the governor of Grodno said he thought a little blood-letting would be useful, adding: "That was the case in June, 1905. Only forty Jews were killed, but he had peace for six months afterwards."

## JEWS NOT GUILTY.

Former Policeman Killed Chief Derkatcheff.

London, June 21.—The Jewish Chronicle of this city says it has received a telegram from Bialystok announcing that the murderer of Chief of Police Derkatcheff, who was shot and killed there on May 30, was a former policeman. The Jews had previously been accused of the crime.

## MASSACRE OF JEWS IN RUSSIA.

President Roosevelt Telegraphs Meeting of Jews on Subject.

New York, June 21.—A telegram from President Roosevelt relative to the recent massacre of Jews in Russia was read to mass meeting of Jews in this city. In it the president said: "I shall go over the matter with Secretary Root. You know how deeply we sympathize with your feelings and how shocked and horrified we are at what has occurred in Russia, but you know also how well-nigh impossible it is to accomplish anything but harm by interference."

The meeting was held at the Beth Hamedrosch Hagadal synagogue, in Norfolk street, under the auspices of the United Hebrew community. The synagogue, which holds about 3,000 persons, was crowded to the doors, while outside there were as many more.

When the lamentations for the dead were chanted, there were sobs from every quarter of the synagogue and a number of women became hysterical. Several rabbis made speeches in Yiddish, after which Rabbi Joseph Silverman of the Temple Emanuel spoke at length in English. After reading the president's telegram he said that it was the word of the chief magistrate as to diplomatic interference and it must prevail. He added that congress can, however, amend the immigration bill now pending before it so as not to make it apply to immigrants fleeing from Russia to this country to escape massacres. He believed, he said, that the whole country would stand by congress in this matter.

## FOR TRAVELING EXPENSES.

House Passes Bill Making an Appropriation for the President.

Washington, June 21.—The bill appropriating \$25,000 to defray the traveling expenses of the president for the next fiscal year was called up under suspension of the rules in the house by Mr. Tawney of Minnesota, chairman of the appropriations committee. The sundry civil bill carries an item appropriating \$25,000 for the traveling expenses of the president, which went out on a point of order. Mr. Watson of Indiana, then in the chair, and who sustained the point of order against the item, introduced the bill which the house had under consideration.

Mr. Underwood (Ala.) demanded a second, which was ordered, and a debate of forty minutes ensued. Mr. Underwood asked if the appropriation was for the present president or future presidents.

The Tawney replied that the aim was to make it permanent law and that with the passage of this bill the point of order against an appropriation carried by the sundry civil bill would not lie.

Mr. James of Kentucky wanted to know what official duty carried the president abroad: "Isn't it true that there is no official duty requiring him to leave the capital," he asked.

Mr. Tawney said that while he could not recall any official duty just at present that might take him outside the capital, he could easily conceive how as commander-in-chief of the army and navy he might be called upon at any moment to travel.

The bill was passed, 175 to 68, the yeas and nays being demanded by Mr. Underwood.

## PASSED BY THE HOUSE.

Twenty Bills Go Through Under Suspension of the Rules.

Washington, June 21.—Twenty bills of more or less general interest were passed by the house under suspension of the rules. Among them were measures appropriating \$25,000 for the traveling expenses of the president, which excited considerable debate; increasing the efficiency of the bureau of insular affairs by conferring the rank and pay of a brigadier general upon the chief of the bureau; and regulating the checking of baggage by common carriers.

A joint resolution increasing the terms of representatives to four years and the bill permitting national banking associations to make loans on real estate as security and limiting the amounts of such loans, failed to receive the necessary two-thirds vote.

The house also passed a rule to begin the consideration of the pure food bill this week and after twelve hours of debate vote on the substitute to the senate bill without intervening motions.

## DISCUSSED IN THE SENATE.

Meat Inspection Provision of Agricultural Bill Debated.

Washington, June 21.—The meat inspection provision of the agricultural appropriation bill was made the subject of discussion in the senate. The question came up on a motion by Senator Proctor to grant the conference request by the house, and speeches were made by Messrs. Proctor, Beveridge and Lodge against some features of the house amendment and by Senator Warren in opposition to drastic legislation.

Mr. Lodge took occasion to defend American morals as quite as good as those of Europe. The bill went over without action.

There were two speeches on the Panama canal, one by Senator Morgan in support of the sea level plan and the other by Senator Perkins in opposition.

The senate held its first night session, which was devoted to the consideration of the sundry civil appropriation bill.

## CABINET MEETING HELD.

Matters Incidental to Adjournment of Congress Discussed.

Washington, June 21.—What was practically a cabinet meeting was held at the White House at night. There were five members of the cabinet in conference with the president, Secretary Root, Taft, Bonaparte and Cortelyou and Attorney General Moody. The occasion for the night meeting was explained to be the consideration of public business. Beyond this and the statement that nothing unusual had happened, there was nothing made public regarding the conference.

The cabinet remained with the president about two hours. While nothing definite was told by any of the members it is believed the meeting considered matters incidental to the adjournment of congress. President Roosevelt expects to leave Washington soon after congress adjourns.

## Fatal Bomb Explosion.

Ekaterinoslav, June 21.—A depot of explosives which contained thirteen bombs has been discovered at the villages of Kamensky. During the unloading of the bombs one exploded, killing one and wounding two.

## WOMAN NOW IN JAIL

WIFE OF WEALTHY BREWER IS PLACED IN THE PRISON AT SIOUX FALLS, S. D.

## DYNAMITE PLOT IS ALLEGED

WOMEN SAID TO HAVE PLANNED TO BLOW UP HOME OF ALLEGED MURDERER.

Sioux Falls, S. D., June 21.—Mrs. Emma Kaufmann is now a prisoner in the county jail, alive and uninjured but accused of murder. Had the prisoner been allowed to live in her own home in the custody of the sheriff, her residence would have been dynamited and probably she would have lost her life in the ruins.

This is the sensational story that has gained currency and has been given an emphatic endorsement in various quarters. It is reported that a number of the women—the total number of those participating being variously estimated at from fifty to one hundred—at a secret meeting unanimously decided upon carrying out the dynamite plot unless Mrs. Kaufmann was placed in jail following the anticipated action of the court in holding her for trial on the charge of murder growing out of the death of sixteen-year-old Agnes Polreis.

Among the women who were concerned in the dynamite plot were many of prominence in the city, it is said, and some of these declared that it was because of the determined action taken by the secret conference of women, the result of which was made known to the authorities, that resulted in the imprisonment of Mrs. Kaufmann.

State's Attorney Orr made the motion that the wife of the wealthy brewer be held for trial in the state circuit court on the charge of murder.

## Wanted the Defendant Jailed.

After the hearing Mrs. Kaufmann was driven to her home in custody of the sheriff. An immense crowd gathered in front of the auditorium, where the hearing was held, demanding that Sheriff Phillips place the defendant in jail pending a hearing on a motion that defendant be released on bail. After a conference of the attorneys it was decided that Mrs. Kaufmann should be taken to the county jail.

Mr. Kaufmann accompanied her to the jail. His distress over this new change in the fortunes of his family is pitiful.

It is probable that in view of the excited condition of public sentiment the application for bail will be delayed for a few days, or perhaps a few weeks.

In the afternoon a physician was called to the county jail to administer to Mrs. Kaufmann, who had again collapsed as the result of her terrible experience of the past week and the trying ordeal in the courtroom.

The police have arrested an intoxicated stranger who was urging an excited crowd on the street to lynch Mrs. Kaufmann. He offered to assume the leadership of a mob in an attack on the county jail.

On her way to the courtroom Mrs. Kaufmann was hissed and when she appeared on her return there were cries of "Lynch her, hang her." The excitement is now subsiding.

## LORD BARRINGTON MUST HANG.

Missouri Supreme Court Denies Motion for a Rehearing.

Jefferson City, Mo., June 21.—The supreme court, en banc, has overruled the motion for a rehearing filed by counsel for "Lord" Frederick Seymour Barrington, sentenced to be hanged for the murder of James P. McCann.

Unless Barrington's counsel can get his case transferred to the circuit court of the United States or Governor Folk interposes, Barrington will be hanged June 29 at Clayton.

## FOUR TRAMPS KILLED.

Two Other Men Seriously Injured in a Train Wreck.

Reno, Nev., June 21.—Four tramps were killed and two other men seriously injured in the wreck of a Southern Pacific train near Fleisch, sixteen miles west of here.

The bodies of three tramps are still beneath the cars. The wreck was caused by the breaking of a wheel of a freight car.

## Attempt at Assassination Fails.

Melilla, June 21.—Adherents of the sultan of Morocco at night unsuccessfully attempted to assassinate Bu Yamara, the pretender, while he was sleeping in his tent. Several of the pretender's guards were killed and others were wounded.

### SPECIAL EMBASSIES ARRIVE.

Royal Pageantry Witnessed by People of Trondhjem.

Trondhjem, June 21.—The arrival and reception of the special embassies from Great Britain and France, headed by the Prince of Wales and Admiral Boyle, respectively, gave the crowds here spectacles of royal pageantry. Besides the salutes to and from the arriving warships there was an extended exchange of international courtesies, and guns boomed in the harbor all day.

The only public appearance of the royal family of Norway was when it went to greet the Prince and Princess of Wales.

The fleet in the harbor is rapidly growing and presents a gala appearance, the vessels being draped with gay bunting.

Mrs. Marshall Field of Chicago, with a party, is among the American arrivals.

The absence of Swedish representation attracts little attention. A few resident Swedes display their flag but the official arrangements ignore Sweden because of King Oscar's refusal to participate. The Swedish minister at Christiania finds it convenient to have urgent private business requiring his presence at home. However, the incident seemingly is proving not at all disturbing.

### ATTACKED BY PULAJANES.

Town of Burauen, Island of Leyte, Is Raided by Bandits.

Manila, June 21.—A band of 300 Pulajanes under Caesar Pastor attacked the town of Burauen, on the island of Leyte. They killed five policemen, wounded five and captured the remainder of the force except the Lieutenant who was in command. Pastor, the Pulajane leader, was killed during the encounter.

The attack occurred at an early hour in the morning. The police were caught unawares and their sentinel was rushed from his post. The bandits then entered the tribunal and a hand to hand fight took place. The police fought desperately, but were overcome by superior numbers. The loss of the Pulajanes is believed to be great, but it can not be estimated, as they carried off their dead and wounded after the fight.

Doc. Ames seeks vindication and has filed for the democratic nomination as mayor of Minneapolis. Vindication does not always vindicate.

The St. Cloud Times thinks the grim destroyer is an ally of the republican party because by the death of the democratic governor of Ohio a republican succeeds to the position.

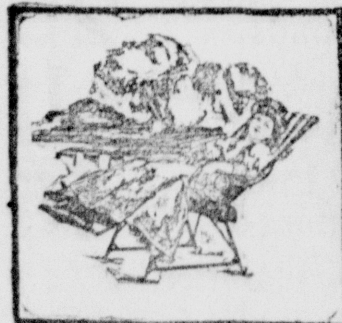

Those who are expressing doubt as to the election of a republican as the next governor of Minnesota will be found to a large extent to be the fellows who are in the doubtful column themselves. Those republicans who are looking forward to party success are not at all doubtful as to the outcome. Don't knock, just push.

The democratic party of Minnesota are at sea without a tangible reason to present as to why the republican candidate for governor should not be elected. Mr. Cole's record is an open book and his ability to successfully steer the ship of state is conceded by men in all walks of life. With these conditions staring them in the face our friends, the enemy, are in a sorry plight, indeed.

The people of Minnesota with one accord, irrespective of party, can endorse the policy and platform of the republican candidate for governor. The development and settlement of the northern part of the state means prosperity for all the state. As the advance agent of prosperity, A. L. Cole should receive the solid vote of his party in November, and the votes of all those not affiliated with the republican party who desire to see improvement and development in the way of good roads, drainage and the settlement of the now unoccupied lands within the borders of the state.

## GOOD PLUM FOR WEST BRAINERD

Northern Pacific Railroad Authorizes Expenditure of \$100,000 For Plant There

### TO TREAT TIES AND TIMBER

Creosote Preservatives to be Applied to Ties, Poles and Bridge Timbers

Another plum has been dropped by the Northern Pacific in this city. It is nothing less than a plant to preserve ties and timber. The company as usual has made its plans without any brass band accompaniment and very few men in Brainerd knew the matter was under advisement even, until it was finally determined upon.

Details even yet are not known here, but it has leaked out that the shops here have been given an order number for the plant and given notice that an expenditure of \$100,000 had been authorized, and instructed to honor requisitions therefor.

An inkling of the plan was received by some of the delegates at Duluth last week but the matter was kept very quiet. The report from there was to the effect that the plant itself—that is the building and machinery was to cost \$70,000. It is supposed that the rest of the appropriation will be used for incidentals and operation.

The location of the plant will be, it is said, in the West Brainerd yards. As the process is new to railroad men here it is hard to get definite information as to the number of men that will be employed, but as all ties and timber coming from Minnesota will be treated here it will employ a considerable number in the loading and unloading alone. The estimate most often heard is that about 75 men will be employed. This will give Brainerd a good boost and go quite a ways toward filling the hole left by the mill. And no bonus is asked either.

John Willis, timber inspector, was in the city today, and when asked concerning the matter had little to say except that the plant was coming to Brainerd. He stated that the location was, he understood, still unsettled between a location east of the shops and West Brainerd. He was also unfamiliar with the matter and could scarcely hazard a guess as to the number of men to be employed in a plant the size determined upon. He states that the tests made show that the treatment doubled the life of the tie, which, in a tamarac tie, is about seven years.

Edwin Van Kleak, an eccentric character around town for years, died at the county farm yesterday and will be buried today. VanKleak was a boat builder by trade and had been around the city for years living from hand to mouth. One winter a few years ago he was found in a cold shack, his feet badly frozen and he was taken to the poor house and never fully recovered. Gangrene set in and his feet slowly rotted away.

## REPUBLICANS

### ENDORSE COLE

Impromptu Meeting of Republicans of this City Ratify Action of Convention.

### ALL FACTIONS ARE UNITED

And will Work Harmoniously for Election of Entire Ticket—Club to be Organized.

An informal meeting was held last evening at the Ransford hotel in response to an invitation published in the newspapers for the purpose of ratifying the action of the republican convention at Duluth at which time Hon. A. L. Cole, of the neighboring county of Cass, was placed in nomination for governor. The meeting was presided over by R. R. Wise and it was a representative gathering. The object of the meeting was explained by the chairman as being for the purpose of extending the good will and support of the republicans of Brainerd and Crow Wing county to the candidate placed in nomination for governor by the republican convention and to the entire ticket. Expressions from those present were called for and out of the fifty odd citizens present the following responded in a manner that must have made the next governor proud of his friends in this locality had he been present to listen to the pledges of loyalty extended: S. P. Alderman, W. A. Fleming, F. E. Kenny, W. D. McKay, John Hessell, J. J. Howe, C. A. Allbright, A. G. Trommald, Dr. Thabes, Thos. Beare, R. F. Walters, W. W. Bane, C. C. Kyle, Geo. E. Gardner, F. E. Low, K. McDonald, H. B. McConnell, H. L. Jones, G. D. La Bar and Thos. J. Nary.

The following resolutions were offered and were adopted by a unanimous vote:

WHEREAS, The delegate republican state convention which was held in Duluth on June 13, 1906, placed in nomination for state officers men in whom the voters of the party have the fullest confidence and whereas the delegates to that convention who were chosen from all parts of the state named from among the ablest representatives of the party Hon. A. L. Cole, as the one most fit to occupy the position of chief executive of the great state of Minnesota, and whereas we, the citizens of Crow Wing county who have long known the nominee who hails from our sister county of Cass and know him favorably for what he is, an honorable gentleman, a good statesman, of executive and administrative ability that all are proud of, and with his exalted patriotism of the highest degree, he has sounded the key note to a campaign which at this time under existing conditions appeals intelligently to every voter of the state of Minnesota as most fitting. Be it Therefore Resolved, it is time that every loyal Minnesotan who is imbued with the public welfare, and who lives in the spirit of progress and advancement awake to the situation, arouse the public sentiment to the fact that this nomination means that state advancement and all that it implies will be a leading feature in the coming campaign.

RESOLVED that the policy of state development and "Forward Minnesota" which our candidate for the high office of governor has adopted as the slogan of the party in the present campaign appeals to the voters of the whole state as eminently fitting under the conditions that have arisen that we, the voters of Crow Wing county and the city of Brainerd in mass meeting assembled recognizing the fitness of our candidate for the office for which he has been nominated, do hereby pledge him our hearty support and tender him the promise to use our best endeavor in the campaign for progress to which the republican party of Minnesota stands pledged in the platform adopted at Duluth by the convention that named Hon. A. L. Cole to be the next governor of this great state of Minnesota.

The chair was instructed to forward a copy of the resolutions to Mr. Cole and to furnish a copy to the press for publication.

The meeting also discussed at some length the different phases of the coming campaign and empowered the chair to appoint a committee of one from each ward and four at large to organize a republican club which shall have for its object the advancement of the entire republican ticket during the coming campaign. On a motion the meeting extended the thanks of the republicans of Brainerd and Crow Wing county to the delegation sent to Duluth by the county convention for their good judgment and loyalty to the interests of this section of the state, after which the meeting adjourned.

LIFE TERM PRISONERS ATTEMPT  
TO ESCAPE FROM CONVICT  
FARM IN LOUISIANA.

ONE GUARD BADLY WOUNDED

SAWMILL FOREMAN AND THREE  
CONVICTS WHO TRIED TO  
ESCAPE ARE KILLED.

Natchez, Miss., June 21.—Four dead and one perhaps fatally injured, all white men, is the result of an attempt by three life term convicts to escape from Angola, La., state convict farm, seventy miles down the river from this city. The dead are:

Captain J. W. Block, foreman of state convict sawmill; Jim Singleton, convict; Byrd, convict; Dutch, convict.

J. W. Gibson, a guard, was shot through the body and perhaps fatally wounded. The convicts were sent up from New Orleans and were working in the sawmill. While Captain Block was reading a paper Singleton secured his revolver and in company with Dutch and Byrd was making off when the attention of Gibson was attracted.

Gibson fired and Singleton shot Gibson through the body and as Gibson fell Byrd secured his revolver. Compelling the foreman, Block, to accompany them, the convicts started toward the river and had placed their captive in a skiff, when they were fired on by a trusty named Deleth. Singleton then shot and killed Block.

Pay Guard J. L. Ogden joined Deleth and in the fusillade that followed the three convicts were killed.

Washington, June 21.—"I believe that labor can better obtain its ends by entering into politics and making reasonable demands of the people and of the government as a national factor than by resorting to force, such as calling of strikes. By that, I mean that labor can gain a great deal by entering the political arena."

This was the opinion expressed by Representative William R. Hearst of New York after a brief visit to the meeting of the executive council of the American Federation of Labor now in session here.

Mr. Hearst had been invited by President Gompers to give to the council his opinions on labor in politics.
